Winter Safety for Pets

Reprinted from Fairfax County

Bring pets indoors when the temperature drops. No matter what the temperature, windchill can threaten a pet's life.

A dog or cat is happiest and healthiest when kept indoors. If your dog is an outdoor dog, he/she must be protected by a dry, draft-free doghouse that is large enough to allow the dog to sit and lie down comfortably, but small enough to hold in his/her body heat. The floor should be raised a few inches off the ground and covered with cedar shavings or straw. The doghouse should be turned to face away from the wind, and the doorway should be covered with waterproof burlap or heavy plastic.

Warm engines in parked cars attract cats and small wildlife that may crawl up under the hood. To avoid injuring any hidden animals, bang on your car's hood to scare them away before starting your engine. The salt and other chemicals used to melt snow and ice can irritate the pads of your pet's feet. Wipe the feet with a damp towel before your pet licks them and irritates his/her mouth.

CONSERVANCY DEPARTMENTS

Guest vs Resident Parking Spaces

Residents are reminded that parking in spaces marked as "VISITOR or GUEST" and/or the use of another's designated parking space, without permission, is prohibited by Burke Centre Parking and Towing Policy, #7P.

The Parking & Towing policy was officially adopted by the Board of Trustees in February 2002; a copy can be found on the Burke Centre web site: burkecentreweb.com/ARB, scroll to the bottom of the page and select the folder "General Parking Restrictions".

A Parking & Towing Task Force is working closely with the Conservancy staff to update the community's current parking policy, and to develop enforcement methods to address issues occurring after hours. In the interim, please contact the Conservancy office at (703) 978-2928 to report a parking problem.

Where the ARB Inspectors Are

Thanks to suggestions from the Oaks Neighborhood Council, the Conservancy has been providing the community with periodic updates on upcoming inspection areas. These locations can include, and are not limited to, areas where there have been ongoing complaints, where there are requests from cluster reps for the staff to perform cluster-wide inspections, or where follow-up inspections are due from prior visits. The staff will also continue to respond to day-to-day complaints and Property Owners Association Act (POAA) inspections as they are received.

Community Center Reservations - A Note

If you have not already done so, please send us your yearly request for community center usage. Please send a complete list of dates, times requested and your facility preference. Your request needs to also include the group/organization's name, your contact person's name, address and a current phone number.

Please note that the staff has changed and the calendar is filling up fast. The only way to ensure your space, unless you have a current contract showing 2012 dates, is to provide the above details to Nancy Sherman, nancys@burkecentre.org at your earliest convenience.

BURKE CENTRE SCOUTS

Girl Scouts Past & Present Invited to Community Celebration

Springfield Mall - February 18

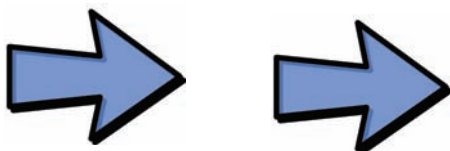

This year Girl Scouts of the USA is celebrating its 100th anniversary. To mark the occasion, the South Central Fairfax Association of the Girl Scouts of the Nation's Capital (GSCNC) is conducting a special event and opening it up to the community at Springfield Mall on Saturday, February 18, from 11:00 a.m. to 2:30 p.m. This 100th Anniversary Thinking Day Celebration will offer something for everyone, but current and former Girl Scouts of all ages and their families are especially encouraged to stop by to join the fun. Throughout the event, local Girl Scouts will be performing on stages and displaying information that they have learned about countries with Girl Scouts and Girl Guides around the world at more than 50 display tables.

In addition, there will be a flag ceremony and international parade of flags through the mall at 11:30 a.m., an international fashion show by the girls at 12 noon, a presentation at 1:30 p.m. by re-enactors portraying the founders of Boy Scouts and Girl Scouts -- the Lord Baden-Powell and Juliette Gordon Low, and a closing promise circle at 2:15 p.m. There also will be an area for trading swaps, as well as booths featuring Girl Scout history, local Girl Scout camp opportunities, Girl Scout cookie booth sale locations, and information about joining Girl Scouts as a girl or an adult volunteer.

Additionally, whether you were a Girl Scout in other parts of the country or locally, Girl Scout alumni are invited to stop by the event to share their favorite memories on videotape at a booth recognizing the contributions of Girl Scouts to leadership and community service through the years. It doesn't matter if you were a Girl Scout for just a couple years or throughout your school years, your recollections of how you made the world a better place through Girl Scouts are requested for this oral history project.

For more information on the event, contact Carol Ann Cunningham, Chair of GSCNC's South Central Fairfax Association, at carolanncunningham@verizon.net or 703-863-5263.
